

LIVING ROOTS

WINE & CO.

Living Roots is a winery in both the Finger Lakes region of Upstate New York and in the Adelaide Hills region of South Australia. Our legacy began six

generations back with Thomas Hardy, Sebastian's great-great-great grandfather. In 1850, at the age of 20, Thomas immigrated to the new

British colony, Australia, and soon planted the Hardy family's first grape vines, jumpstarting 160+ years of family winemaking.

Fast forward to 2016 when we established Living Roots and began splitting our time between South Australia and New York State,

where we're each from. We source grapes from a number of growers, including both of our families',

generally focusing on rich whites and sparklings in the Finger Lakes and vibrant reds in South Australia. Some wines are made year-to-year while others are one-offs, with a hands-on, minimal input winemaking philosophy across the board.

Cheers!
